Subject: Fwd: Call later today

Shawn - making sure you see this and that it gets to Carol. I haven't used the new email address for Carol so would appreciate it if you could confirm with Carol that she knows we are off for our call later this morning. Thanks.

Subject: Call later today

Carol - I need to postpone our call today. I will get back to you on the topic but it will probably be later this week given where things are in our process, thanks.
